RULES AND REGULATIONS

Adopted January 31, 1924

Every book must be returned to the library on or before March 15 of every year, and shall be holden by the trustees for inspection until April 1.

Section 2. Every resident of the town of Stoddard may take books from the library. Parents and guardians are holden responsible for doings of children and wards. Temporary residents may take books by presenting a certificate from a responsible citizen, which shall hold against signer as responsible for said books.

Section 3. No book shall be held over two weeks without being returned and recharged, and no patron shall hold any book over four weeks consecutively.

Section 4. Any book that shall be lost or damaged shall be paid for by the person to whom the book was charged, or shall be replaced.

Section 5. Damage to any book by dirt, marking, folding of leaves or unreasonable wear, to be assessed by librarian, with right of appeal to the trustees, which, with any fines for holding over, must be paid to librarian before the party can take other books.

Section 6. Every person shall forfeit and pay 14 cents per week for books held in violation of Section 3.

The trustees have decided not to cover books in future. This will save considerable expense, and leave more money for the purchase of books. The trustees wish to call especial attention to Section 5 of the above regulations and impress upon the patrons that this section will be strictly enforced, and the librarian has been so instructed.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Stoddard:

I take pleasure in submitting to you my first annual report as superintendent of schools.

Someone has said that the proverbs or maxims of a people generally represent the wisdom of long experience. They are the signboards on a life's great highway, erected by our forefathers, and most travelers accept their guidance without question.

As a false sign on a crowded alley may lead multitudes astray, so an untrue maxim or a misguided habit of study, especially when inculcating among the young and inexperienced, may turn a nation into dangerous or fatal paths.

There never was a time in the world's history when the nations of the world were brought more forcibly face to face with these vital facts than in this transitional period, an epoch of world life distinguished for its keen competition in every vocation of life, and one that will demand the rising generation of boys and girls taught in accordance with modern pedagogical and psychological laws.

In this spirit, during six months' observation and direction of your school, I have tried to interpret the educational situation in Stoddard and alleviate conditions as far as financial means and opportunities have been placed in my possession.

Realizing that the boys and girls of today are to be the men and women of tomorrow; that our school children are soon to take our places in the activities and citizenship of town, state and nation, we must appreciate our opportunities and responsibilities and act with feverish solicitude in the interest

of the welfare of our children. We deem it essential to vitalize their training with a thorough preparation in the fundamentals; viz., reading, spelling, arithmetic, writing, English, both oral and written, a broader scope in geography and history, and a more intensive study of American citizenship. Honesty, mental activity, and thrift are three notable virtues in a good school.

I was pleased on a recent visit to your school to see posted in several places on the wall this motto: "Thrift Is Our Motto". Certainly, there is no better place to practice this principle than in our schools. Thrift embodies the following principles: (1) to live within one's means, (2) to begin a savings account, (3) to have consideration for the taxpayers of your town, to practice economy in the use of your time devoted to school work and be economical in the use of paper, pencils, text books and school materials, always using the same care and discretion that you employ in your own private matters.

CONSOLIDATION OF SCHOOLS

Due to the fact of a falling off in number of scholars and in the interests of economy in the use of the town's money, your school board wisely decided to close the South Stoddard school and transfer the pupils to the Center school.

With pupils from the two districts, the Center school opened in September with eighteen scholars, making an interesting school in point of numbers. Since then, some families moving from town have reduced the number of pupils to twelve.

Mr. William Lang of Monroe, N. H., was engaged to teach this school. Mr. Lang has made good progress in the fundamentals along pedagogical lines of teaching, has maintained good discipline, increased the per cent of attendance, decreased the number of tardy marks, and has taken an active interest not only in the duties of the school room, but also in various activities of community life.

REPORT OF SCHOOL PHYSICIAN

Number of pupils examined,	11
Defective vision,	2
Defective hearing,	1
Defective teeth,	5
Hypertrophied tonsils,	10
Adenoids,	3
Corrections made since September, 1922,	2

Notices of all cases of defection were sent to parents.

H. G. WILLIAMS, M. D.,
Examiner.

Spencer tells us that "Education is the development of a sound mind within a sound body". Therefore, the quicker we can eliminate or correct these physical defections, we shall furnish our children with physical environment favorable to greater activity in mental life.

VACCINATION

Last October, a general survey of the state was ordered by the State Board of Education to ascertain whether the law of compulsory vaccination was carried out.

At the time of examination, eleven pupils, the total registration of the school, were found successfully vaccinated.

In conclusion, I would extend to the School Board my sincere thanks for their assistance and loyal support.

These things and the congenial attitude of parents, citizens and pupils have been important elements in the welfare of your school.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.

Marlboro, N. H., January 31, 1924.
